

Two-Year Bible Reading Plan

- Two chapters a day - six days a week. You can start any time of the year!
- Print this sheet. Enter your actual months on the “Approx. Month” column, so you can keep track of progress.
- When there’s an OT book and a NT book in one day, read one chapter of each.
- Print and mark the chart in this link with the two chapters you read each day. It’s a lot of fun!
